PATIENT COMMITMENT

-- Patient Copy --

No matter how much support you have, nothing is as important as your own resolve! If you're reading this document, then you're making the first step... there will be many more. Please read the Patient handbook found on our website (www.restorehealthwellness.com), and we ask you to commit to the following:

1. **Own and take responsibility for your health** – It is important for you to realize that the life you live is your own, and that you have always had the control to choose to live it healthfully! The services offered at Restore Health & Wellness Center (RHWC) will aid you on your journey towards health but are not magic or get well quick schemes. Our services will only help you if you make a daily commitment to live a healthier life.
2. **Be patient** – Nutritionally based, wellness/prevention medicine is founded on principles of bringing your body back into balance and then keeping it there. In the same way that you did not become unhealthy overnight, it may take some time before you feel optimum results.
3. **Be Compliant** – The quickest way to wellness is to closely follow an experienced practitioner who can guide you there. Your compliance with recommended protocols and therapies is the best way to maximize the wellness investment that you have decided to make.
4. **Keep appointments** – Our practitioners schedule your appointments in order to closely monitor your progress, properly manage your prescriptions, discuss your lab results, and answer any questions you may have about your treatment plan. If you find that you are unable to keep your appointment as scheduled, it is imperative that you give at least a 2 business day notice to the office. Late cancellations will result in a \$50 no show fee.
5. **Maintain honest, open communication** – A successful partnership requires a transparent, free-flowing line of communication. We want you to feel secure enough to let us know when a treatment or therapy isn't working for you, or if you feel that a regimen we've asked you to adopt is too difficult for you. The best avenue for communication is through the Patient Portal within your electronic medical record. Please email your concerns and requests through the Patient Portal to one of our staff. RHWC does not communicate with medical insurance companies. Our relationship is with you only and we will make your medical information available through the Patient Portal.
6. **Be understanding** - Understand that RHWC is not a primary care medical office and maintains a minimal staff to provide available services. You must acquire and maintain a relationship with a primary care provider for all of your basic health care needs. Our office provides a set list of services and will not go beyond that.
7. **Manage your paperwork** - RHWC will provide to you 1 free copy of all labs & receipts at the time of your visit. You will be charged \$15 per request for any further copies.
8. **Be flexible** - RHWC has multiple medical providers. We strive to work with you and your requests for which provider you would like to see. However, we cannot guarantee that you will see the same provider each visit.
9. **Be proactive** - If you need a medication refill or supplement refill, please be proactive and plan ahead for weekends, holidays, and office closings. It is the office policy for you to call your pharmacy and have them fax or email a refill request AT LEAST 3 business days prior to needing the refill. Please do not call the office for refills.
10. **Be on time** - RHWC providers strive to honor your time by being on time for your visit. We cannot be on time if you do not arrive 15 minutes prior to your visit. Please understand that if you are not 15 minutes early or if you are indeed late, your appointment may be rescheduled.
